

Quality Policy

The Management of LKD Aerospace and all our associates are committed to meeting the satisfaction of our customers and interested parties and to consistently exceed their expectations by:

- ✓ Maintaining an independently verified Quality Management System that meets the requirements of AS9100:2016 Standard.
- ✓ Delivering consistently high quality products on time.
- ✓ Investing in employees; LKD Aerospace will allocate resources for Quality and work related education.
- ✓ Being responsive to internal and external issues which influence our organizational performance.
- ✓ Management commitment to continuous improvement of the Quality Management

A handwritten signature in blue ink that reads "Mark Chamberlain".
